# The Easiest, Fastest Way to Procure NetApp Products for the U.S. Department of Energy

**CTG FEDERAL**

**NetApp® STAR PARTNER**

NetApp's wide array of industry-leading data management solutions are now available to Department of Energy organizations through a Supply Chain Management Center (SCMC) contract with CTG Federal, a NetApp A-Team member. SCMC makes IT procurements available to DoE customers at competitive prices and with rapid turnaround times. DoE organizations may continue using their existing NetApp partners if they wish while also partnering with CTG Federal to benefit from SCMC's delivery and pricing terms.

## All NetApp products are available on SCMC, including:

Kubernetes | NetApp Astra

Hybrid cloud storage management | ONTAP

Files share | Azure NetApp Files & NetApp Cloud Volumes

Scale-out all-flash storage | SolidFire

Object storage for hybrid cloud and multi-cloud | E Series & Storage Grid

HPC | NetApp HPC solutions & NVMe-oF on E-Series and EF-Series

Virtual Desktop Infrastructure (VDI) | NetApp Virtual Desktop Service (VDS)

## HOW TO ORDER

NetApp purchase orders on SCMC can be processed in as little one business day. To ensure fastest service and best discounts, please contact us at **DOE@ctgfederal.com**. For assistance with purchase orders, contact CTG Operations at **operations@ctgfederal.com**

**There are four steps to ordering on SCMC:**

1. The DoE customer contacts the appropriate CTG Federal team member to finalize their Bill of Materials.
2. The CTG Federal team member references the applicable SCMC terms and conditions on the estimate.
3. The DoE customer provides that information to their contracting officer to utilize the SCMC contract for that procurement to obtain applicable pricing discounts and delivery terms.
4. The procurement officer reaches out to the CTG Federal operations team to execute a Purchase Order for that Bill of Materials. All orders should be delivered to operations@ctgfederal.com. In the order, please reference SCMC Agreement Under Contract Number WSI808I4 - Network Appliance Storage Equipment and Services and reference the CTG Quote Number. Please also list the technical point of contact (name, phone number, and email). Finally, please reference where to deliver the invoice.

## THE CTG FEDERAL/NETAPP PARTNERSHIP

Having deployed more than I20 integrated NetApp solutions to federal clients, CTG Federal delivers unrivaled expertise and value to federal agencies looking to simplify, streamline, and modernize their data infrastructures with NetApp solutions. We are one of only two federal value-added resellers that carry NetApp A-Team membership. As NetApp A-Team members, CTG Federal has access to privileged product roadmap information, product and corporate engineering, and escalations support services. CTG Federal team members are: U.S. Citizens, U.S.-based, TS-cleared personnel at all levels of sales and engineering. CTG Federal also boasts the following NetApp Certifications:

- NetApp STAR Partner
- NetApp PS Certified
- NetApp FlexPod Certified
- NetApp A-Team Membership

## ABOUT CTG FEDERAL

CTG Federal serves dozens of federal defense, intelligence, and civilian organizations with IT expertise and solutions. We bring extensive expertise, experience, and professionalism in helping federal clients meet their IT modernization needs. Our experts keep current on the leading edge so we can provide our clients with the best solutions to serve their specific IT goals and objectives most efficiently and effectively. Headquartered in the greater Washington area, CTG Federal has satellite offices throughout the United States.
