

# Practice Summary

As federal agencies prioritize efficient, secure and scalable solutions, a streamlined IT infrastructure is more crucial than ever. CTG Federal, a Cohesive Technology Group company, and Dell Technologies have joined forces to offer transformative solutions to address these pressing challenges in government IT.

Together, we combine our specialized expertise and advanced technology to deliver one-stop solutions that help agencies optimize their IT infrastructure in line with their missions.

## Federal Partnership Offerings: Solutions and Services

### Dell Technologies Data Center solutions

Includes both storage and compute portfolios, providing robust infrastructure to power critical operations across the full spectrum of government workloads.

### Customized, turnkey IT solutions

Tailored and comprehensive solutions that seamlessly integrate into the existing ecosystem, ensuring optimal performance, scalability and cost efficiency.

### The industry's broadest technology portfolio

Beyond compute and storage, our combined portfolio covers agency IT needs end to end—from backup and recovery tools to networking solutions and more.
