

Practice Summary

As federal agencies prioritize efficient, secure and scalable solutions, a streamlined IT infrastructure is more crucial than ever. CTG Federal, a Cohesive Technology Group company, and Everpure have joined forces to offer transformative solutions to address these pressing challenges in government IT. CTG Federal brings federal IT expertise, contract vehicles, and mission-focused delivery; Everpure brings the storage platform. Together we solve the fragmented, rebuy-heavy storage problem federal agencies face while positioning for AI readiness.

Everpure Platform Highlights

- **Evergreen Architecture:** never rebuy; non-disruptive upgrades, scale on demand
- **Unified Data Plane:** breaks down silos; one operating environment across block, file, and object
- **Supports All Workloads:** AI/ML, Kubernetes, databases, virtualization, archive
- **Delivered as a Service:** flexible consumption, industry-leading SLAs, one platform across edge/on-prem/cloud
- **Intelligent Control Plane:** policy-driven automation, AI-driven management, real-time observability

CTG Federal is an
Everpure VAR
with expertise across the
U.S. Federal and Commercial
markets.

Headquartered in the
Washington, D.C.
area, with **satellite**
offices across the U.S.

Everpure Practice Director | CTG Federal

About CTG Federal

CTG Federal, a Cohesive Technology Group company, is a small business that excels in servicing federal defense, intelligence, and civilian organizations with best-in-class information technology.

Our experienced team of sales and engineering professionals designs and delivers IT hardware and software solutions that save time and money for our customers. Headquartered in Virginia, we have dedicated resources in all regions across the continental United States.

About Everpure

We are Everpure. We don't just store data: we bring it to life. As AI becomes core to the business, infrastructure must evolve. We replace storage infrastructure that's inflexible and static with a platform that operates like a living system: one that's agile, resilient, and built to grow.

The Everpure Platform is designed to be ever-evolving: improving and adapting as your business scales. It's sophisticated enough to adapt to any environment, yet simple enough to feel second nature. By providing a secure, frictionless foundation where data is continuously protected and instantly available to the right person at the right time, we eliminate the complexity that holds business back.

We help forward-thinking leaders shift their focus from managing static storage silos to unleashing the power of data.
